PAST WORKSHOPS

Want to be on this list?
Contact us now

Till date we have collaborated with some of the top institutes of India such as Dewan V.S Group of Institutions, Vinayak Vidyapeeth, Shanti Niketan Group of Institute, Phonics Group of Institutions, Bhagwati Institute of Technology & Science and Vivekananda Institute of Professional Studies. The workshops were a success, our team definitely made its impact through their presentation and knowledge.

Stand out among other competitors with our training sessions

The students were very eager and excited to further their career with this new opportunity. The work-shop helped them understand about our company and about our trainers as well, it also taught them how important it is to have proper training to stand out among other competitors.
