WORK EXPERIENCE

RYIENTSOFT TECH. | BACKEND DEVELOPER

Oct 2023 - Present | WFO, Noida, U.P

- Developed and maintained backend for Around App using **Ruby, Rails, and Rspec**.
- Implemented backend functionalities for ChatApp using **Ruby, Rails, ActionCable and web sockets**.
- Enhanced system performance and reduced response time through efficient coding practices.
- Tech used - **Ruby, Rails, SQL**.

COMPACT LAMP | WEB DEVELOPER

June 2021 - Sep 2021 | WFH, Gajiyabad, U.P.

- Created and maintained websites based on client requirements using **HTML, CSS, JavaScript, and React.js**.
- Gained proficiency in modern web development technologies.
- Learn **Html,css,js,and React js**.

EDUCATION

DIT UNIVERSITY

MASTER OF COMPUTER APPLICATIONS

Sep 2021-2023 | Dehradun, U.K

CGPA:7.3

IFTM UNIVERSITY

BACHELOR OF COMPUTER APPLICATIONS

Sep 2018-2021 | Moradabad, U.P

CGPA:8.5

SKILLS

TECHNICAL SKILLS

- Languages: **Ruby, Python**.
- Frameworks: **Rails**
- Databases: **NOSQL, SQL**
- Web Technologies: **HTML, CSS, Js**,
- Tools: **GitHub, PostMan**
- Others: **API Texting**

LANGUAGES

- **English**.
- **Hindi**.

HOBBIES

- **Bike Riding**.
- **Trekking**.
- **Traveling**.

PROJECT

HOTEL WEB.

- Developed a real-time room availability display system.
- Implemented a seamless booking functionality with secure payment gateways.
- Created personalized guest profiles for a tailored experience using **Ruby, Rails, HTML, CSS, and JavaScript**.
- Personalized guest profiles for a tailored experience.

Technologies used: **Ruby, Rails, Html, Css, Js**

MESSAGEME CHAT APP.

- Utilized Semantic UI to design a responsive and user-friendly interface for a real-time chat application, enhancing the user experience with modern UI components.
- Implemented real-time messaging features using Action Cable and WebSockets, ensuring instant and seamless communication between users within the chat application.
- Developed and integrated both front-end and back-end components, leveraging Ruby on Rails for server-side functionality and JavaScript for dynamic, client-side interactions.
- Optimized WebSocket connections to handle multiple concurrent users efficiently, ensuring the chat application remained responsive and reliable under varying load conditions. **Ruby, Rails, actioncable, websockets, JavaScript**.

Technologies used: **Ruby, Rails, Semantic UI**

CERTIFICATIONS

- Introduction To Python Certification - **Coding Ninjas**.
- Statistical Maths Certification - **DIT University**.
- Data Structure and Algorithm Certification - **Coding Ninjas**.

ACHIEVEMENTS

- Consistently met project deadlines and client expectations.
- Certified from coding ninjas in python and data structure and algorithm.
