

# ARSHI GOEL

## Associate Technical Consultant

### ABOUT ME

Results-driven, highly motivated, and skilled Front-end and JAVA professional with one and a half years of hands-on experience in the field, complemented by a robust academic background. I earned my Master's degree in Computer Applications (MCA) in 2022, which has equipped me with a solid foundation in computer science principles and programming methodologies. I have a passion for developing innovative software solutions and I am now seeking a challenging position in a dynamic and progressive organization. My goal is to apply my technical expertise, problem-solving skills, and dedication to deliver high-quality software products. I am committed to continuously improving my programming skills and staying up-to-date with emerging technologies, aiming to contribute to the development of robust and scalable software applications that meet the needs of end-users. As a collaborative team player with excellent communication skills and a strong ability to adapt to evolving project requirements, I am eager to work with a dynamic team to develop cutting-edge applications and contribute to the growth and success of the company.
