I have a proven track record of designing and implementing complex web applications. Skilled in both front- end and back-end technologies, Proficient in Python with expertise in HTML, CSS, JavaScript, and framework such as Django. Strong problem - solving abilities and a passion for creating efficient and user-friendly solutions. Excellent communication and collaboration skills, adept at working in fast-paced environments and delivering high-quality code on time. Looking to leverage my skills and experience to contribute to a dynamic development team.
