PROFILE SUMMARY

Enthusiastic Software Developer with a flair for creating elegant solution in the least amount of time having an experience of one year wherein I've built solutions for technical firms. I aim work to establish my self as a BRAND in this technical industry

PROFESSIONAL EXPERIENCE

Stemrobo Technologies Pvt Ltd   06/2023 – 04/2024
Associate Engineer
- 1+ year of Experience in Python Developer

Ducat India   08/2022 – 04/2023
Python Developer Intern
- 6+ Month of Experience in Python Full-Stack Developer

PROJECTS

Website Development ⧉   07/2023 – 03/2024
Role : Frontend and Backend Developer
- Implemented the frontend where I had to implement designs provided in HTML, CSS & Vanilla JavaScript targeting it to work across different devices.
- Backend Development: Developed a robust backend using Django, to handle storage of data, business logic and server-side processing and dynamic URL and AI WhatsApp chat.

LMS Website Development   01/2024 – 04/2024
Role : Implemented backend for a Learning Management System (LMS)
- Built server-side architecture on Django that could scale and respond with sub-second response times.
- We used Django ORM for a faster query and secure database accessing.
- Implemented RESTful APIs interfacing with frontend & User authentication implemented, including role-based access controls for students, instructors and admins.
- Built real-time capabilities for services like notifications and live updates with Django Channels and Django Signal.

SKILLS

Python • JavaScript • HTML • CSS • Django • DRF • ORM • SQL • Git • Github • Micobit • Bootstrap • tailwind CSS • React • OOPs • Data Structure & Algorithm • Arduino

EDUCATION

Arya College of Engineering & IT   08/2018 – 06/2022 | Jaipur
B.Tech Electronics & Communication Engineering
CGPA : 8.50

CERTIFICATES

- Python Full-Stack Developer   • BSNL   • SPDCL

SPORTS PROGRAMMING

Hacker Rank (4*)   Geeks of Geeks
