EXPERIENCE

Jr. Software Developer | Cybrom Technology Pvt Ltd
Bhopal, India | July 2023 - Jun 2024

- Contributed to the design and implementation of a Learning Management System (LMS) using the MERN stack, focusing on creating intuitive and responsive interfaces for student profiles, timetable, assignments, placement applications, live class streaming, and complaint submission.
- Collaborated with cross-functional teams to ensure seamless integration between user-facing interfaces and backend functionalities.
- Worked on the front-end components of the LMS, including student profile pages and live class streaming, using React.js and Tailwind CSS to deliver a user-friendly and responsive experience across various devices.
- Developed and maintained RESTful APIs using Node.js and Express.js, ensuring secure and efficient data retrieval and manipulation for various system modules, including assignment submissions, class schedules, and student profiles.

MERN Stack Developer Intern | Cybrom Technology Pvt Ltd
Bhopal, India |Feb 2023 –May2023

- Designed and developed **RESTful APIs** to facilitate seamless communication between front-end and back-end components.
- Demonstrated proficient code management and efficient task completion, showcasing adaptability and effective team collaboration.
- Contributed to the overall code quality and adherence to best practices, including regular code reviews and documentation.
