# Niraj Somnath Nikam

**Address:** At Post. Charoli Bk.Tal.Haveli
**Dist**: Pune (412105) Maharashtra.
**Email ID:** nikam2000niraj@gmail.com
**Mob No:** 9850713988

## CAREER OBJETIVE

- Total Professional over **2+Years** of Experience in Software Development
- Currently working as Software developer in **Sparkfun Software Solution, Bengaluru** Since Aug 2022 to till date.
- To obtain a challenging position in the industry to apply my extensive analytical, programming and inter-personal skills in the design and development of software systems.

## SUMMARY

- Having Good Knowledge on **software development life cycle, architecting scalable platforms, object-oriented programming**, design and **agile, scrum methodologies**.
- Experience in building web applications using **Python, Django, Flask.**
- Experience in using micro services architecture such as **Flask** and MVT architecture In **Django.**
- Good knowledge in maintaining various version controls systems such as **GIT.**
- Experience object-oriented programming (**OOPS**) concepts using **Python.**
- Experienced in working with various Python ides like **PyCharm** and **Vs-code** Good knowledge on **HTML, CSS, Bootstrap.**
- Good understanding of **HTTP methods, RESTful Architecture**
- Deployed the project using **GIT version control system.**
- Has the proficiency of working on windows operating systems.
- Has good knowledge on scripting languages.
- An effective communicator with excellent interpersonal and problem-solving skills towards the customer.

## TECHNICAL SKILLS

- **Languages** - Python
- **Framework** - Django, Rest Framework, Flask
- **Operating System** - Windows, Linux
- **Databases** - My SQL, SQLite, SQL
- **Other Languages** - HTML, CSS, JavaScript, Bootstrap
- **Tools** - Git, GitHub, Jira, Jenkins
- **IDE** - Visual Studio Code, Notepad++, Sublime, Atom, PyCharm
- **Browser** - Google Chrome, Mozilla Firefox, Opera, Internet Explorer

## PROJECT

1. **Project Name**: E-Commerce Management

   ➢ **Description:** The E-commerce Management System project aims to develop a comprehensive online platform for managing e-commerce operations, including product management, order processing, inventory control, and customer relationship management. Built using Python programming language and Django web framework, the system provides a scalable and efficient solution for business to establish and operate their online stores.

2. **project Name** - **Hospital management system**

   ➢ **Description**: In particular, this hospital management system project in Python Django focuses mainly on dealing with hospital records. Also, the system displays all the available Appointments with their respective details. In addition, the system allows managing patient's records. Evidently, this project is divided into three categories Patient, Doctor, and Admin Panel. In an overview of this web application, a patient can simply register and start using it.

   ➢ **Languages**:
   - **Front-end Development**: - HTML, CSS, Bootstrap, JavaScript, jQuery, Bootstrap.
   - **Back-end Development**: - Python Programming, Django, MySQL lite.

   ➢ **Roles and Responsibilities:**
   - Having Experience in **Developing, integrating and implementing Python, Django, MySQL** as Per industry standard **methodologies** and techniques.
   - Responsible for database management.
   - Creating Web Application, **Django, Restful API, Python**.
   - Strong logical and designing skills using **OOPS** concept.
   - Creating database schemas for newly generated data.
   - Having good experience in the database **MySQL**.
   - I have implemented Django Serializes, Models, Views, Signals, and URL etc. in Django. Also Implemented API View, View set, Generic views, permissions and routers in Django rest Framework.
   - Experienced in advanced Python features like **Generators, Decorators, Collections Module.**
   .

## EDUCATION

- **Certification Course:** Python full stack development in Perfect IT Solution.
-  **BE:** Completed from **Pune University** in year **2022** with aggregate of **8.72.**

## PERSONAL DETAILS

**Date of Birth:** 17th July 2000
**Marital Status:** Un-married
**Languages:** English, Hindi, Marathi
**Strengths:** Positive attitude, Effective Presentation, Management
