🌐 <https://www.linkedin.com/in/gayathri-elaganda/> 📍 Gachibowli, Hyderabad

SUMMARY

Versatile Full Stack Developer proficient in Java, Spring Boot, React.js, and Angular, equipped with strong foundational skills in JavaScript, HTML, and CSS. Experienced in developing robust, scalable applications and optimizing performance through efficient coding practices. Knowledgeable in RESTful APIs, modern development tools, and Git. A proactive team player with a passion for learning and contributing effectively in diverse software development environments.

EDUCATION

MCA (Master of Computer Application)	GPA
Aurora PG College	8.7 / 10
📅 03/2020 - 07/2022 📍 Hyderabad	

EXPERIENCE

Associate Consultant(Full Stack Developer)
NSE TalentSprint
📅 07/2022 - 06/2024 📍 Gachibowli , Hyderabad

TalentSprint is a National Stock Exchange (NSE) Group Company, an EdTech firm headquartered in Hyderabad, India. Its coding boot camps, executive programs, and hybrid digital learning platform use onsite and online learning experiences.

- Develop and maintain user-facing features using React.js, ensuring code is efficient and scalable.
- Collaborate with designers and backend developers to ensure technical feasibility and improve usability.
- Implement responsive design principles for cross-platform compatibility.
- Optimize applications for maximum speed and scalability, resolving performance issues.
- Utilize version control systems like Git and follow best practices for clean code.
- Leverage strong problem-solving skills and attention to detail in a fast-paced, collaborative environment.

STRENGTHS

Analytical Thinker
Strong ability to analyze data and develop insights, as demonstrated in coursework and projects. Comfortable with data manipulation, cleaning, and visualization.

Quick Learner
Eager to learn new technology, methodologies, and tools to achieve optimal performance. Demonstrates intellectual curiosity and adaptability.

Detail-Oriented
Ability to pay close attention to details, ensuring accuracy and reliability of data analysis

SKILLS

Client-Side

HTML	CSS	JS	Angular
React	Tailwind	Redux	
TypeScript	Bootstrap		

Server-side

Java	Spring Boot	Node JS	
Express	MySQL	MongoDB	AWS
Python			

PROJECTS

Cxpro
📅 12/2022 - 05/2023 📍 Gachibowli, Hyderabad
🌐 <https://gitlab.com/gayathri3174>

Developed and maintained a responsive web application using HTML, CSS, Bootstrap, JavaScript, JQuery, and Node Js

- Created an intuitive user interface, enhancing user experience and ensuring cross-platform compatibility.
- Implemented best practices for code quality and performance optimization.
- Collaborated closely with a multidisciplinary team to deliver high-quality software solutions.Met project deadlines and successfully fulfilled client expectations.

Employee Management Portal
📅 08/2023 - 03/2024 📍 Gachibowli, Hyderabad
🌐 URL

Developed a MERN stack Employee Management Portal utilizing React.js for frontend development Node Express for Backend and Mongo db for database

- Implemented Firebase Authentication for secure user login via phone numbers.
- Utilized Redux and React Redux for efficient state management across the application.
- Employed D3.js library for graphical representation of employee data.
- Built the backend using Node.js and Express for robust server-side operations.
- Used MongoDB for data storage and management.
- Enabled the upload of Excel files containing employee details, providing real-time graphical representation and various filters.
