EXPERIENCE

Web Designer

Bridge Technosoft

Feb 2023 - Present

Rohini, New Delhi | India

- Developed fully functional responsive prototypes based on Business Requirements using HTML, CSS, JavaScript, Bootstrap and jQuery.
- Front-end code has been tested in multiple browsers to ensure cross-browser compatibility.
- Work has also been done on live Project, in which the website was made fully-responsive.
- Delivered 90% growth for static website through adept utilization of HTML, CSS, JS, Bootstrap, and jQuery skills in web design.

PROJECTS

Netflix Clone

- Engineered and developed a fully responsive Netflix Clone, accurately replicating the original interface.
- Executed a seamless user experience with a striking resemblance to Netflix's current design.
- Leveraged HTML5, CSS3, and Bootstrap to craft a user-friendly and visually appealing application.

Technosoft Clone

- Designed a company website incorporation dynamic element such as popups, slider and navigation bar.
- Executed diverse functionalities to elevate user engagement and aesthetic appeal, resulting in a distinct and polished final product.
