📍 Pilkhuwa, Ghaziabad

## SUMMARY

Web Designer with 1.5 years of hands-on experience in designing and implementing intuitive, visually appealing user interfaces. Proficient in front-end technologies such as HTML5, CSS3, JavaScript, and frameworks like React, adept at translating design concepts into responsive, interactive web applications.

## SKILLS

Html, Css, Javascript, JQuery, React, Responsive Web Design, UI/UX Design, Wireframing, Prototyping, Cross-Browser Compatibility, Proficient in Figma Designing Tool, Knowledge of Bootstrap and Tailwind Css Framework, Psd to Html

## PROJECTS

Jquery, Html, Css, Figma

### Benincasa Law Firm

redesign and development of the Benincasa Law Firm web portal, enhancing user experience and functionality. Leveraged Figma to create intuitive mockups and prototypes, translating designs into fully functional web elements using HTML, CSS, and jQuery.

Key Highlights:

- Redesigned critical pages of the Benincasa Law Firm web portal for improved user engagement.
- Utilized Figma for efficient design iteration and collaboration with stakeholders.
- Developed responsive and visually appealing interfaces using HTML and CSS. Implemented interactive features and animations using jQuery, enhancing user interaction.
- Ensured cross-browser compatibility and adherence to accessibility standards for seamless user access.

React, Html, Css

### GrowthCloud

-Worked on front-end part of the project and implement all the features of the project. -optimize the accessibility and responsiveness of the entire project

Figma, Html, Css

### Gamut

Gamut's digital advertising platform. Under the guidance of Senior Developers. I contributed to design prototyping and Create mockups to enhance brand-consumer connections across platforms. Leveraged design tools to ensure seamless user experience and engagement.

Key Highlights:

- Spearheaded design and prototyping of Gamut's digital advertising platform.
- Developed mockups and prototypes to optimize brand-consumer connections.
- translating designs into fully functional User Interface.

## EDUCATION

2015 - 2019

### B.Tech (Computer Science and Eng.)

Sunderdeep College of Eng. Dasna, Uttar Pradesh

College

2014 - 2015

### Intermediate

KMS Public School Pilkhuwa, Uttar Pradesh

School

2012 - 2013

### Matriculate

SHMJHS Public School Kastla, Uttar Pradesh

School

## EXPERIENCE

13/05/2022-  
1/07/2022

### Web Designer (Internship)

TechCompiler DataSystems Pvt Ltd

- Proficiently utilized Figma software, including Photoshop, to develop wireframes, and prototypes.
  - Implemented responsive design techniques using HTML, CSS, and JavaScript.
  - Actively participated in team meetings, offering creative ideas and solutions to enhance project outcomes.
- Html, Css, Javascript

1/07/2022-  
25/10/2023

### Web Designer

TechCompiler DataSystems Pvt Ltd

- As a Web Designer, I combined HTML, CSS, JavaScript, Reactjs and visually appealing user interfaces. I transformed design mockups into functional prototypes, ensuring seamless data integration and maintaining code integrity through version control. I optimized UI/UX for accessibility, responsiveness, and performance.
- Html, Css, Javascript, ReactJs, Figma, Ui/Ux
