OBJECTIVE

Results-driven Software Engineer with over 1 year of hands-on experience specializing in backend development. Eagerly seeking challenging opportunities in full-time backend developer roles to contribute technical expertise and innovation to dynamic projects .

EDUCATION

Master of Computer Science , AKTU University	2021 - 2023
Bachelor of Computer Science , CSJM University	2018 - 2021

SKILLS

Technical Skills	Python, Javascript, C#, FastApi, Selenium.
Soft Skills	Problem Solving, Teamwork, Research & Dev
Other Skills	Version Control, NoSQL DBMS, Automation, Web Scraping, Stripe

EXPERIENCE

SDE-1	Sep 2023 - Present
Leadzen.ai	Remote

- Spearheaded the development of a comprehensive financial report generation system from inception to implementation with python and fastapi.
- Designed and implemented the backend architecture, ensuring scalability, reliability and performance.
- Developed document processors, web scrapers, stock market analyzers, dashboards and reporting tools

Intern	Feb 2023 - Aug 2023
Leadzen.ai	Remote

- Implemented automation tools that resulted in a staggering 90% reduction in operational workload for the team
- Built data scrapers to scrape, parse and analyze large volume data
- Developed document validators, bots and Api's with python and appscript

PROJECTS

Telegram Bot Api. Built an end to end telegram bot and its backend Apis to bring LLMs and other Generative AI apps, movies, and python code executors to telegram for free by reverse engineering ([Try it here : tg-api](#))

Decrypto. Build a light-weight python pypi package to provide state of the art encryption and decryption techniques aiming to be simple and easy to use tailored for seamless integration into Python projects . ([Try it here : Decrypto](#))

Other Projects. Build multiple games in python and phaser, desktop apps, websites and automation tools. ([Check here](#))

EXTRA-CURRICULAR ACTIVITIES

- Actively write [blog posts](#) and video tutorials on [Youtube](#) with over 15k subscribers and over 10k subscribers on telegram channel
- Contribute to open source projects.
- Organize meetups and workshops for The Hacker Meetup (Kanpur Chapter)
