## PROFILE

A dedicated and passionate web developer with expertise in front-end and back-end technologies, including HTML, CSS, JavaScript, Bootstrap, and Laravel. I am committed to leveraging my skills and experience to create dynamic, efficient, and user-friendly web applications. Passionate about continuous learning and professional growth. Judicious and creative when crafting effective websites, apps and platforms to propel competitive advantage and revenue growth. Technically proficient and analytical problem solver with calm and demeanour.

## EXPERIENCE SUMMARY

- Front End Development - Proficient in HTML, CSS, Bootstrap, and JavaScript. Skilled in creating responsive and user-friendly web interfaces.
- Back End Development - Extensive hands-on experience with the Laravel framework, including proficiency in MVC architecture and Eloquent ORM. Capable of managing and integrating backend processes within web applications.
- Web Application Development- Currently developing a web application using the Laravel framework, demonstrating strong problem-solving abilities and project management skills.
- Database Management - Experienced in using MySQL Workbench for database design, management, and optimization.
