LINKEDIN

 https://www.linkedin.com/in/isha-0702/

SKILLS

- Front-end technologies: HTML, CSS, JavaScript, React, Angular
- Back-end technologies: Python, Ruby, PHP, MySQL, MongoDB, PostgreSQL
- Web development frameworks: Django
- DevOps: Containerization, cloud computing, CI/CD, monitoring
- **API development**: Building and consuming APIs
- **Testing and debugging**: Automated testing, manual testing
- Soft skills: Communication, teamwork, client management

CERTIFICATIONS

• Certified in Microsoft Azure Fundamentals AZ-900

INTERNSHIP

- **IBM:** [Data Analytics], [06/2021-08/2021]
- TCS: [Prediction], [12/2020-06/2020]
- **IIPC KIET** [07/2019- 09/2019]

PROJECTS

- YouTube Video Downloader (2019): Led a team in the development of a YouTube video downloader tool.
- Restaurant Review Sentiment Analysis (2020): Built a sentiment analysis tool for restaurant reviews using machine learning algorithms.

Driven professional with an unrelenting passion for learning and growth, dedicated to pushing the boundaries of technology and driving business success. Possesses extensive expertise in the **latest front-end and back-end technologies**, as well as an in-depth understanding of **web development frameworks**, **API development**, **DevOps**, **and testing methodologies**. Adaptable team player with exceptional **communication skills**, able to collaborate effectively with diverse teams and stakeholders to deliver top-tier solutions.

EXPERIENCE

June 2022 - Current

- Analyst II Software Engineer DXC Technology , India
- Collaborate with cross-functional teams to develop and maintain high-performance, scalable web applications
- Utilize cutting-edge technologies and methodologies to ensure the highest levels of functionality, performance, and user experience
- Spearhead the development of complex features and functionality, taking a hands-on approach to design and implementation
- Lead the testing and debugging process, leveraging automated testing tools to ensure the highest levels of quality
- Consistently deliver on project milestones and meet or exceed expectations for quality, timeliness, and budget

EDUCATION

2022

Bachelor of Technology Computer Science & Engineering KIET GROUP OF INSTITUTION, Ghaziabad, UP

2019

Diploma of Higher Education Electronics Engineering Govt. Girls Polytechnic College, Bareilly, UP

2014

High school Science BBL PUBLIC SCHOOL, Bareilly, UP

COURSES

- Create a Python Application Using MySQL
- Deep Learning in Computer Vision
- Introduction to Artificial Intelligence
- Python Data Structures
- Using Databases with Python

ACHIEVEMENTS

• Published a research paper on image retrieval system in the International Journal of Emerging Technology (IJET)

• Wine Quality Prediction (2021): Developed a machine learning model to predict the quality of wines based on various factors.

INTERESTS

- Dance
- Travelling

- Developed a highly praised project on YouTube Video Downloader
- Successfully completed several online courses on Coursera to enhance technical skills and stay up-to-date with industry trends.
