

Awaneesh Kumar

Web Developer/ HTML Developer

» ABOUT ME

I am a front-end web developer with one year of hands-on experience in creating responsive websites. My journey in web development began with a keen interest in how websites function and an enthusiasm for coding. Over the past year, I have successfully developed and deployed numerous websites, each contributing to my growth and understanding of the frontend landscape.

» OBJECTIVE

- To pursue a challenging career, where I can apply my knowledge, acquire new skills, and contribute constructively towards the growth of the organization.
- Build and maintain user interfaces for high-traffic websites and applications.
- Develop complex and responsive user interfaces using modern front-end frameworks and libraries.
- Optimize front-end code for performance and accessibility.
- Work with backend developers to integrate user interfaces with backend systems.
- Implement unit testing, integration testing, and end-to-end testing to ensure the quality of front-end code.
- Improve the user experience of websites and applications by developing innovative and intuitive user interfaces.
