Project - FreshoKit(EcommerceApp)

Role: Front-End Developer

Description -The name 'Freshokit' signifies fresh-shop-kit, an online kit of fresh and affordable grocery items and daily essentials delivered straight to your home in as less as 1 to 6 day from an online store. Freshokit is an online E-grocery app that delivers fresh products to your doorstep. All the products are of high quality and in perfect shape when they are delivered to you. There are multiple brands under Freshokit like Brewstar, Freshville, Gaukriti, and Pickle Planet. And Freshokit is also an online supermarket where you will find natural and organic ghee, coffee, tea, dry fruits, pulses, spices, and grocery items. Freshokit provides natural and organic pulses, free of pesticides and harmful substances, as well as pickles, among many other items.
