SUMMARY

Energetic and detail-oriented Full Stack Java Developer with a solid foundation in Java technologies and a passion for creating innovative and scalable software solutions. Recently pursuing a Bachelor's degree in Computer Science, I bring a fresh perspective, coupled with hands-on experience gained through academic projects. Proficient in both front-end and back-end development, I am adept at utilizing Java frameworks such as Spring Boot and Hibernate to build robust and efficient applications. Known for my strong problem-solving abilities and commitment to writing clean, maintainable code, I am excited to contribute to dynamic development teams and take on new challenges in the ever-evolving world of technology.
