MANOHAR REDDY

India

Experienced Python Full Stack Developer with over 1 year of hands-on expertise in designing, implementing, and maintaining robust web applications. Proficient in both front-end and back-end development, adept at utilizing frameworks such as Django and Flask. Demonstrated ability to collaborate within cross-functional teams to deliver high-quality, scalable solutions.

Experience

Pragadas Technologies

Python Developer

Oct 2023 – Present

- Collaborated with a cross-functional team to design, develop, test, and deploy web applications using Python and Django.
- Implemented RESTful APIs to enhance communication between the front-end and back-end components.
- Optimized database queries, reducing response times by 20% and improving overall application performance.
- Participated in code reviews and provided constructive feedback to team members.

Projects

1. Blog Application

- **Features:** User authentication (login, registration), CRUD operations for blog posts, commenting system, categories/tags for posts.
- **Learning Objectives:** Understanding Django’s admin interface, user management, and how to build a simple content management system.

2. To-Do List App

- **Features:** User accounts, tasks with statuses (e.g., To Do, In Progress, Done), due dates, and prioritization. Users should be able to add, update, and delete tasks.
- **Learning Objectives:** Handling forms, user-specific data, task management, and CRUD operations.

Education
