

UTSAV GARG

Software Engineer

Results-driven Senior Software Engineer with over 3 years of experience specializing in PHP, ExpressJS, and AWS services, including Lambda, SQS, DynamoDB, and CloudWatch. Adept at leading technical teams, conducting code reviews, and managing ECommerce and telematics projects. Skilled in API development using serverless architecture and integrating best coding practices. Seeking a Senior Software Engineer role to leverage my technical expertise, problem-solving skills, and leadership experience in driving successful software development projects.

WORK EXPERIENCE

Senior Software Engineer

Thoughts2Binary Consulting And Solutions LLP

07/2023 - Present

Gurugram, Delhi NCR

Achievements/Tasks

- Leading a team working on projects involving ECommerce and telematics using PHP. Creating APIs on serverless architecture and integrating various AWS services.
- Partnered with clients on penetration testing to address security issues. Successfully resolved 85% of issues in the first cycle leading to a successful project outcome.
- Conducted code reviews, cleared technical debt, and managed teams to implement best coding practices. Suggested enhancements and used appropriate tools to maintain team records and ensure high code quality.

Contact : Kavita Saini - 87084 43738

Software Engineer

Thoughts2Binary Consulting And Solutions LLP

03/2022 - 06/2023

Gurugram, India

Achievements/Tasks

- Worked on adding features relating to Tax, Payments and InStore PickUp to meet client specific business requirements. Extending these features to Magento2, WooCommerce and BigCommerce.
- Contributed to troubleshooting and bug fixing, resolving critical issues promptly especially during sale time to minimize downtime and improve customer satisfaction.

Software Trainee

Kent RO Systems Ltd.

09/2019 - 04/2020

Noida, India

Achievements/Tasks

- Aim of the project was to list various sellers selling restricted Kent RO products along with price variation. About 54% of sellers were identified.
- The project was done for Amazon and Flipkart and used PHP, MySQL and Scrapper Bee API.

EDUCATION

Bachelor Of Technology

Bharati Vidyapeeth College of Engineering, Pune

06/2015 - 06/2019

CGPA - 8.86

SKILLS

Languages: PHP, NodeJS, JavaScript

Frameworks : Laravel, Magento2, Wordpress, ExpressJS

Tools : Git, GitHub, Bitbucket, Jira

AWS : Code Commit, Lambda, DynamoDB, S3

Database: MySQL, MongoDB

Operating System - Windows, Linux (Ubuntu)

Learning and working on Docker and Kubernetes

PERSONAL PROJECTS

PortFolio Website (05/2023 - 08/2023)

- Website - <https://utsav-garg-portfolio.onrender.com>.
- Developed a personal portfolio website using **Express.js**, showcasing my educational and professional journey.
- Integrated various front-end technologies, including **HTML**, **CSS**, and **JavaScript**, to design an aesthetically pleasing and user-friendly interface.

E-Shop DashBoard (02/2024 - Present)

- Utilizing **Express.js** to build an online order portal centre for shops. Integrated MongoDB for data storage and retrieval, ensuring data persistence.
- Provided Multiple Payment Gateway solutions to users - Stripe for card payments and PayPal.
