

TECHNICAL SKILLS

- **Frontend:** HTML, CSS, Javascript
- **Backend:** PHP ,Python
- **Database:** SQL Server, MySQL
- **Frameworks:** Codeigniter , Django , JQuery, Bootstrap
- **IDEs :** Visual Studio Code, Visual Studio ,

CORE COMPETENCIES

- Software Development Lifecycle
- Object-Oriented Programming
- Database Design and Management
- Web Application Development
- User Interface Design and System Integration
- Quality Assurance and Testing
- Troubleshooting and Debugging
- Performance Optimization
- Requirement Gathering & Analysis

EDUCATION

2020 - 2023 | BCA .- Bachelor of Computer Application
INDIRA GANDHI NATIONAL OPEN UNIVERSITY

2018-19 | Intermediate- Physics, Chemistry, Mathematics | UP Board | CCS school

2016-2017 | High School- Physics, Chemistry, Mathematics | UP Board | CCS school

PROFILE SUMMARY

A highly motivated and skilled Developer with 1.5 years of hands-on experience in software development. Proficient in PHP with a strong focus on the Codeigniter framework, I have demonstrated a solid ability to resolve complex bugs and improve application performance. My tenure at SAN Software Pvt Ltd. has allowed me to collaborate with seasoned developers, deepening my understanding of web technologies and enhancing my problem-solving skills. Known for my proactive approach, attention to detail, and dedication to delivering high-quality software solutions, I am eager to contribute to innovative projects and further develop my expertise in the field..

PROFESSIONAL EXPERIENCE

Aug-2023- June-2024 | SAN Software Pvt Ltd., Gurugram
.PHP Developer Key Result Areas:

- Collaborated with clients to understand and implement their requirements.
- Enhanced and upgraded existing software to improve performance and functionality.
- Implemented user stories, focusing on aspects such as security, latency, and scalability.
- Utilized the Codeinator framework to ensure secure interactions .
-

PROJECTS I: SanTrans

Purpose: :SAN Trans provides transporters with the ability to share the live location of vehicles, offering both initial and destination points. This functionality enables transport companies to monitor vehicle movements efficiently, ensuring timely deliveries and improving operational transparency .

Frontend: HTML, CSS, Javascript
Backend: PHP , Codeignator
Database: : MySQL

Nov 2022 - July-2023 | Brandwell Media Pvt. Ltd | Patparganj
FrontEnd Developer Key Result Areas:

- Engaged in frontend development at Brandwell Media Pvt Ltd., working with HTML, CSS, and various web development languages. Contributed to website development projects, gaining a deep understanding of web development principles, and honing effective communication and collaboration skills with team members.

Frontend: HTML, CSS, Javascript

May-2022 to Nov 2022 | Cetpa Infotech Pvt. Ltd., Noida,
Trainee / intern Key Result Areas:

- Assist in designing, coding, testing, and debugging software applications under the guidance of senior team members.
- Learn and apply best coding practices and industry standards to ensure high-quality software development.
- Contribute to the analysis and documentation of software requirements.

Tech stack: HTML, CSS, Bootstrap, Python, Django
