I am a B.E graduate (2023) with a strong passion for web development. Skilled in HTML, CSS and Javascript, I am currently expanding my expertise in React.js. I have a solid foundation in problem solving from my engineering background, which I apply in building dynamic and responsive user interfaces. Eager to contribute to innovative projects and grow as a frontend developer.

## Experience

### ASSOCIATE FRONTEND DEVELOPER

2024-PRESENT

- As an Associate Frontend Developer at Go Global Immigration Services, I developed responsive web applications, optimized user interfaces, collaborated with cross-functional teams, and enhanced performance using modern frontend technologies.

## Project

- Managed and maintained the RootCare Foundation website, ensuring seamless user experience, content updates, and performance optimization. Implemented design improvements, enhanced functionality, and ensured the site met organizational goals and user needs.
