2021 - 2023

Disha Institute of Science Technology Dhampur, Uttar Pradesh

BCA - 70%

2018 - 2021

PROJECTS

Zeseis

I worked on a live project for Zeseis, a house builder website, providing exterior and interior services by identifying and fixing critical bugs to ensure smooth operation. I developed user-friendly interfaces and backend systems using CodeIgniter, HTML, CSS, and Bootstrap.

E-Rookie

Collaborated with the recruiter sales team to design and develop a live project platform for managing staffing operations. Developed user-friendly interfaces and backend systems using CodeIgniter, HTML, CSS, Bootstrap and jQuery.

Water of People India

Worked on a live project for Water for People India, a government initiative focused on water conservation and sustainability. Contributed by identifying and fixing critical bugs to ensure the system operated smoothly and efficiently. Designed and developed user-friendly interfaces and backend systems using CodeIgniter, HTML, CSS, and Bootstrap, enhancing the system's usability and reliability to support the project's mission of saving water.
