### Objective

A dynamic and creative UI/UX Developer with 4+ years of experience in developing visually engaging, user-friendly, and responsive websites. Skilled in HTML, CSS, JavaScript, WordPress, and UI/UX design, with a strong understanding of SEO and performance optimization. Seeking an opportunity to contribute, learn, and grow while enhancing the digital presence of businesses.

### Technical Skills

- Frontend Technologies: HTML5, CSS3, JavaScript, jQuery, Bootstrap
- CMS Platforms: WordPress (ACF, Divi Builder, Elementor, Visual Composer, CPT UI)
- Designed intuitive user interfaces using **Figma**, creating wireframes, interactive prototypes, and final UI designs aligned with user needs and business goals.
- Utilized **Figma Auto Layout** to create responsive and scalable design frames, improving developer handoff and consistency across multiple screen sizes.
- Built and maintained **reusable components** (buttons, input fields, headers, etc.) in Figma to ensure design consistency and efficiency.
- Designed dynamic UI patterns using **Figma Variants**, enabling efficient state switching for components (e.g., hover, active, disabled).
- Collaborated with development teams by delivering **interactive Figma prototypes** with Auto Layout and Variants to streamline UI implementation.

### Work Experience

#### UI/UX Developer | Infoscope Solutions Pvt. Ltd., Noida, India

March 2021 – May 2025

- Designed and developed responsive and interactive websites for various industries.
- Designed intuitive user interfaces using **Figma**, creating wireframes, interactive prototypes, and final UI designs aligned with user needs and business goals. , and customized WordPress themes.
- Developed and customized WordPress themes, plugins, and widgets.
- Worked with ACF, Divi Builder, Elementor, Visual Composer, Gutenberg Editor, and CPT UI.
- Created and managed e-commerce websites using WordPress and WooCommerce.
- Ensured cross-browser compatibility and responsive design.
- Provided technical support and troubleshooting for UI/UX and functionality issues.
- Conducted A/B testing and performance analysis to optimize design elements and user interactions.

Sept 2016 – Jan 2019

- Provided IT support and system administration for enterprise applications.
- Managed system updates, security patches, and performance monitoring.

## Projects & Portfolio

### □ Healing Place Church

**Description:** The Healing Place Church website was developed to serve as a central hub for the church's digital presence. The goal was to create a modern, mobile-friendly, and visually engaging platform that clearly communicates the church's mission, upcoming events, ministries, and online service opportunities.
