PROFESSIONAL SUMMARY

Aspiring PHP Developer with hands-on experience in developing responsive web applications, admin panels, and CRUD systems using PHP, Laravel, MySQL, HTML, CSS, JavaScript, and Bootstrap. Adept in backend development, MVC architecture, database integration, and core functionalities such as form handling, authentication, and session management. A motivated and detail-oriented self-learner, passionate about clean code and contributing to collaborative, real-world web solutions.

EDUCATION

Indira Gandhi National Open University   Lucknow, Uttar Pradesh
Master of Computer Application (Pursuing)   *Jan 2023 − Present*

Dr. Rammanohar Lohia Awadh University   Lucknow, Uttar Pradesh
Bachelor of Arts   *July 2019 − July 2022*

WORK EXPERIENCE

Arth Solar Services   Feb 2024 − March 2025
PHP Developer   *Lucknow, India*

- Designed, developed, and maintained core functionalities of arthsolar.com, a solar product using PHP, MySQL, HTML, CSS, JavaScript, and Bootstrap.
- Implemented dynamic product pages, lead capture forms, and backend logic for handling customer inquiries efficiently.
- Worked on CRUD operations, complex MySQL queries, stored procedures, and database optimization.
- Used core PHP and MySQL to optimize query performance and reduce page load time.
- Managed live hosting setup including cPanel configuration, FTP management, and MySQL remote database integration.
- Wrote technical documentation and provided post-deployment support to clients.

PROJECTS

LOGITRACK Admin Panel-Core PHP 🔗
* Downloaded and customized the W3CRM Bootstrap admin template to design a modern, responsive admin interface.
* Developed secure user authentication (login/logout) functionality using PHP sessions.
* Created and managed a MySQL database in phpMyAdmin, including relational tables for Trucks, Drivers, Routes, Bookings, and Payments.
* Implemented complete CRUD operations (Create, Read, Update, Delete) for all core entities like Truck Drivers, Trucks, and Route Planning.
* Deployed the project live using GoDaddy with custom domain and ensured smooth FTP, database, and domain configuration.
* **Key Technologies:** PHP, MySQL, HTML5, CSS3, JavaScript, Bootstrap, cPanel, Responsive Design.

GST BILLING SYSTEM-Laravel 🔗
* Built a GST billing web app using Laravel 10 with MVC architecture and dynamic data handling.
* Created custom routes and one RESTful resource route for vendor invoices using controllers and middleware.
* Used Blade templates for responsive UI, integrated Bootstrap and Laravel's form validation.
* Developed full CRUD operations for clients, products, and bills using controllers and MySQL.
* Applied session handling, authentication, and deployed locally using XAMPP and GitHub for version control.
* Focused on clean code, modular design, and seamless user experience using Laravel's built-in features.
* **Key Technologies:** Laravel 10, PHP, MySQL, HTML5, CSS3, Bootstrap, JavaScript, Blade, XAMPP, MVC Architecture.

TECHNICAL SKILLS & SOFT SKILLS

- **PHP:** Core PHP, Laravel Framework
- **MySQL:** Database design, CRUD operations, Joins
- **Frontend:** HTML5, CSS3, JavaScript, Bootstrap
- **Admin Panel Development:** Custom dashboards, Role-based access
- **PDO:** Secure DB connections with prepared statements
- **Soft Skills:** Self-motivation, Time management, Problem-solving ability, Team collaboration, Attention to detail
