OBJECTIVE

Results-driven Frontend Developer with 1 year of hands-on experience in building responsive and dynamic web applications using React.js, Next.js, Node.js, HTML, CSS, JavaScript, and Bootstrap. Skilled in creating scalable, maintainable, and high-performance interfaces. Passionate about delivering efficient user experiences and collaborating in agile environments. Seeking an opportunity to leverage my expertise and contribute to impactful projects in a growth-oriented organization.

EDUCATION

Master of Computer Application, AKTU 2022-2024

Bachelor of Computer Application, CCSU 2019-2022

SKILLS

Technical Skills

- **Languages:** JavaScript, TypeScript, HTML5, CSS3
- **Frameworks / Libraries:** React.js, Next.js, Redux, Tailwind CSS, Bootstrap
- **State Management:** Redux Toolkit, Context API
- **Version Control:** Git, GitHub
- **API Integration:** RESTful APIs, Axios, Fetch API

Soft Skills

- Problem-Solving & Debugging
- Team Collaboration
- Time Management
- Attention to Detail
- Effective Communication
- Adaptability & Quick Learning
- Critical Thinking

EXPERIENCE

Associate Software Engineer - Proeffico Solutions Pvt. Ltd. - 10/2024 – Present

- Developed and maintained responsive web applications using React.js and Redux Toolkit.
- Optimized UI components for performance, accessibility, and cross-browser compatibility.
- Integrated APIs using Axios to fetch and display dynamic content.
- Collaborated with designers and backend developers to implement seamless user experiences.
- Implemented form validation with custom error handling, ensuring a smooth user input experience.
- Used Git for version control, actively participating in code reviews and merge requests.

PROJECTS

Service provider platform

Overview: Developed a comprehensive service provider website for end users to book services seamlessly in just a few steps. The platform also includes multiple dedicated portals for admins, vendors (service providers), and business partners for efficient management.

Technologies Used: React.js, Next.js, fetch API, Bootstrap.

Key Contributions:

- Developed a responsive and dynamic UI for enhanced user experience.
- Integrated RESTful APIs for real-time data fetching and interactions.
- Implemented state management using Redux Toolkit/Context API.
- Ensured cross-browser compatibility and optimized performance.
- Handled authentication and role-based access control.
- Fixed UI bugs and improved performance for better responsiveness.

Insurance Management Platform

Overview: Built a centralized insurance platform that brings together insurance companies, reinsurers, entities, and clients under one system. The platform streamlines processes from onboarding to policy management, including payment tracking and history maintenance.

Technologies Used: Next Js, Redux Toolkit, Axios, Bootstrap.

Key Contributions:

- Developed and maintained responsive, interactive UI components for various user roles.
- Implemented role-based access control and multi-login support for different stakeholders.
- Integrated RESTful APIs for real-time policy data and transaction records.
- Enhanced onboarding and policy management workflows for improved usability.
- Collaborated with backend and QA teams to ensure secure, reliable system performance.
- Fixed UI and functional issues to improve stability and user experience.

HOBBIES

- Carrom
- Volleyball

PERSONAL DETAILS

Father Name : Mr. Lokpal

Age : 24 Years Old
